

A Cool Novelty

FOR THE MEN FOLKS.

We are just in receipt of a shipment of "Combo" Shirt-Coats, which is a shirt and coat combined, of the Shirt Waist Family. It is neat, cool and above criticism by anyone—can be worn anywhere with perfect propriety, that negligee dress is permissible. It has been one of the most popular negligee garments this season in most of the large cities. We especially call the attention of everyone doing office work, to call and examine these garments.

Madras, Flannel and Linen are the materials, prices.....\$2.50 to \$3.50.

THE SHIRT WAIST MAN.

The shirt waist man has come to stay. He was there with his white duck trousers at the well equipped Neches Club rooms. He was there with his white duck trousers and white shirt waist, a vision of comfort and cool nerve for the many beautiful ladies to behold. Judge Hal Greer was there, the youngest of the young to chaperon the boys. They had cool drinks, such as lemonade, etc., the electric fans were going, the music of Meyers' Orchestra was entrancing to the shirt waist man who glided with his fair partner over the polished floor with his celestial dreams almost a reality and the earth so far away. Just whether it was the shirt waist of common sense and cool comfort or the beautiful lady by his side that rendered the dream more realistic to the handsome Neches boys, is hard to determine. About fifty couple of the prominent young people of the city were present and as a social event the "Shirt Waist Ball" given by the Neches Club last evening was the event of the week in social life. The shirt waist has come. May it stay until we find something better with more comfort and less trouble.

COURT ADJOURNED.

Yesterday Judge West adjourned District Court until Monday morning. Judge West is spending the day at Woodville.

WEATHER FORECAST.

A NEW GROCERY HOUSE.

With the great increase of Beaumont's population comes a corresponding increase of bright business men, eager to snap up the opportunities of supplying the proportionately increased wants. The latest addition to the list of permanent investors in commercial enterprises is Mr. J. W. Henderson, a former and most popular representative for a number of years of the well known firm of Wm. D. Cleveland & Co. of Houston, who will open here between the 10th and 15th of August in the Dunlap and Cunningham building, corner Orleans and Bowie Streets, a first class fancy grocery store, carrying a stock that will easily rank it among the first in the South. Mr. Henderson is at present in the East completing the purchase of his stock and the furnishings of his store, which promises to be a revelation to the housekeepers and buyers of Beaumont.
